The water and sanitation tariffs outlined in this Corrigendum shall come into force with immediate effect.

Date the 29th November, 2024.

RICHARD CHERUIYOT,
Ag. Chief Executive Officer, Water Services Regulatory Board.

MR/6485621

GAZETTE NOTICE NO. 16246

THE WATER ACT

(*No.* 43 *of* 2016)

OL-KALOU WATER AND SANITATION COMPANY

APPROVED TARIFF STRUCTURE FOR THE PERIOD 2024/2025 TO 2026/2027

Ol-Kalou Water and Sanitation Company Limited (OLWASCO)applied to the Water Services Regulatory Board (WASREB) for review of water services tariffs, for the period 2024/2025 to 2026/2027as per section 72 (1) b of the Water Act 2016.

Public consultation on the OLWASCO application was carried out in accordance with the requirements of section 139 of the Water Act 2016.

After considering the application, the written and oral submissions by all stakeholders during the consultation period, and based on the latest available data, WASREB has determined an upward tariff review for OLWASCO is justified to improve service delivery, operate sustainably and protect consumer interests by meeting the tariff conditions attached to the tariff.

WASREB gives a one (1) months' notice to all existing and potential customers of OLWASCO that the approved tariffs for the three financial years 2024/2025, 2025/2026, and 2026/2027, shall be as follows:

1.0 Approved Tariff Structure for the period 2024/2025 to 2026/2027

1.1 Water Tariff

Consumer Categories	*Consumption Block (M3)*	*Approved Tariff (KSh./M3)*
Domestic/Residential	1-6	120
	7-20.	135
	21-50	150
	51-100	180
	101-300	190
	>300	200
Multi-Dwelling Units	Per M3	150
Commercial/Industrial	1-50	150
	51-100	180
	101-300	190
	>300	200
Government/Institutions	1-50	150
	51-100	180
	101-300	190
	>300	200
Public Schools	1-600	135
	601-1200	170
	>1200m3	200
Unique Consumer Categories	Bulk Water Supply - Per M3	120
	Water Kiosks - Per M3	120

Customers with non-functional meters shall be billed based on the average of the last three months' bills.

1.2 Sewerage Tariff

1.2.1 Consumers with a Water Connection

(a) Sewerage will be charged at 75% of the water volumes, billed at the tariff for water specified (in 1.1) above for all customer categories

(b) Disconnected water accounts shall be charged based on the average of the last three months' sewerage charges before the disconnection.

1.2.2 Customer with no water connection

Sewerage consumers without a water connection shall be charged as follows:

(a) Domestic customers without a metered source of water (Per Single dwelling unit): KSh. 300 Per Month

(b) All other categories: 75% of the volume of water consumed as per the metered source of water including boreholes, at the rates specified in (1.1) above

1.3 Indexation

The utility's approved tariffs for water and sewerage shall be eligible for annual indexation, as per the regulations of the Water Services Regulatory Board (WASREB). The inflation adjustment shall come into effect every July of the tariff period commencing July 2025.

1.4 Miscellaneous Charges

Item/ Service	*Charge (KSh.)*
Water Deposit	
Category of consumer	
Domestic	2500
Retail shops less than 10m3	3000
Retail shops more than 10m3	3,500
Bar and restaurants less than 15 m3	4000
Bar and restaurants more than 15 m3	6,000
Hotel class "A" and "B" less than 150 m3	12,000
Hotel class "A" and "B" more than 150 m3	15000
Hotel class "C" and 'D' less than 150 m3	18000
Hotel class "C" and 'D' more than 150 m3	20,000
Hospitals & Health centres more than 150 m3	20,000
Hospitals & Health centres less than 150 m3	12,000
Schools and other institutions more than 200 m3	20,000
Schools and other institutions less than 200 m3	10,000
Minor construction sites of more than 200 m3	15,000
Major construction sites more than 300 m3	50,000
Light industries less than 200 m3	30,000
Medium industries between 200 m3 and 300 m3	50,000
Heavy industries of more than 300 m3	100,000
Water Kiosks	5,000
Customers with only sewer connection are to be charged a deposit equivalent to a water connection	
Other Charges	
Service	
New water connection fee – Connection size: ½ inch to 1 inch	2,500
New water connection fee – Connection size: 1.5 inches to 3 inches	7,500
New water connection fee – Connection size above 3inches	15,000
Water Reconnection fee – at meter point	1,000
Water Reconnection fee – at mains	5,000 and double deposit
Tanker – 8000 & 16,000 litres	2,500 & 5,000 respectively per tanker within OLWASCO area for all consumers
Sale of water Per M3 at bowsing point (own tanker)	KSh. 135
Replacement of stolen or damaged meters	100% of the market cost of the meter
Meter testing on request	500
Sewer Connection- Residential/ Domestic	5,000
Sewer Connection- Commercial, Government, Schools, Universities and Colleges	7,500
Sewer Connection- Industrial	15,000
Private sewer unblocking	2,500
Leak detection services	1,000
Sewer Reconnection fee	15,000
Statement of account fees	200
For cutting off the supply at the request of the consumer	200
For turning on the supply otherwise than in respect of a first connection	200
Exhauster Services (Company Exhauster)	5,000 for other customers and 4,000 for informal settlements
Private Exhausters (Dumping into the company's sewer system)	15,000 per Truck per month
Penalties	
Illegal water connection, -Commercial, Industry, Construction (Fraud)	100,000 plus estimated consumption during the period of illegality
Illegal water connection, (Fraud) – Domestic	30,000 plus estimated consumption during the period of the illegality
Overcharging (fraud) at water kiosk	15,000
Illegal sewer connection- Commercial, Industry, Construction	100,000
Illegal sewer connection- Domestic, Government, Schools, Universities & Colleges	30,000
Self-reconnection after cut-off for non-payment	5,000 and billing to be backdated from the date of cut-off
Surcharge for tampering with meters (this to include meter removal, reversing of meter etc)	5,000
Surcharge for direct suction of water from the supply line using a pump	10,000

2.0 Cost Summary

Below is the summary of the recommended cost structure that makes up the total costs to be incurred by OLWASCO during the tariff period:

Expenditure Item	*2022/23*	*2023/24*	*2024/25*	*2025/26*	*2026/27*
Operations	31,606,377	49,805,858	54,733,618	54,733,618	54,733,618
Maintenance	11,552,542	11,608,905	17,150,000	16,950,000	18,850,000
Regulatory Levy	1,647,249	1,817,426	3,582,139	3,692,239	3,811,652
Total O&M Costs	44,806,168	63,232,190	76,575,747	76,575,747	76,575,747
Investment Costs	-	124,700	3,011,718	7,295,529	7,986,500
Debt Repayment	-	-	-	-	-
Total Costs	44,806,168	63,356,890	77,367,486	83,292,942	87,820,471
Total Billing (KSh.)	41,210,283	46,225,714	89,553,484	92,305,966	95,291,300
Collection Efficiency (%)	98%	101%	95%	95%	95%
rojected Revenue	40,386,077	46,687,971	85,075,810	87,690,668	90,526,735
Total Cost Coverage	90%	74%	110%	105%	103%

(b) Conditions attached to the tariff approval

The conditions attached to this approval which shall form part of the license conditions of OLWASCO are:

(i) Service Delivery Conditions attached to the Tariff

Target	*2022/2023*	*2023/2024*	*2024/2025*	*2025/2026*	*2026/2027*
Water Coverage (%)	38%	39%	40%	41%	42%
Water quality standards (%)	32%	100% Compliance with Standards			
Personnel Expenditure as % of O&M	46%	46%	46%	46%	45%
Non-Revenue Water	37%	35%	32%	30%	28%
Hours of Supply (Hrs.)	18	19	19	20	20
Staff per 1000 connections	14	13	10	10	9
Metering ratio (%)	100%	100%	100%	100%	100%
Collection Efficiency (%)	87%	101%	95%	95%	95%
Resale at Kiosk	KSh. 5.00 per 20l Jerry Can				

(ii) Annual budgets: The WSP shall adhere to the budgetary levels set in the tariff.

(iii) Surpluses: The surpluses realised during the tariff period shall be used to implement priority service delivery capital projects approved by WASREB.

(iv) Reporting: The utility shall submit quarterly performance reports to WASREB in the prescribed format.

(v) County Investments: The County Government of Nyandarua will fund the following projects during the tariff period.

Project	*Estimated Budget (KSh.)*
Upgrading and distribution networks for ten (10) boreholes	20,293,685
Purchase and installation of 3,660 consumer meters	19,190,000
Purchase and installation of 14 No. bulk meters	3,370,000
Construction of 10 km of Sewer lateral lines and 500 consumer connections	16,000,000
Total	58,853,685

(vi) Creation of distinct water and sewer cost centres: OLWASCO will ensure it creates separate water and sewer cost centres and maintains distinct record of operations of the two centres.

(vii) Investments: The utility shall undertake the investments in Table 1 within the tariff period

Internal Investment by Olwasco-Non-Revenue Water Management Plan						*Estimated Cost (KSh.)*

GAZETTE NOTICE NO. 16247

THE ENERGY ACT

(*No.* 1 *of* 2019)

THE ENERGY (ELECTRICITY SUPPLY AND INSTALLATION WORK) REGULATIONS, 2024

PURSUANT to Statutory Instruments Act No. 23 of 2013 of the Energy and Petroleum Regulatory Authority wishes to publish the enlisted regulations in the *Kenya Gazette* for public comments

Citation

These Regulations may be cited as the Energy (Electricity Supply and Installation Work) Regulations, 2024.

Interpretation

1. In these Regulations, unless the context otherwise requires —

"Act" means the Energy Act, No. 1 of 2019;

"Advanced consumer installation training" means a training course covering design, installation, testing, commissioning, repair and maintenance at consumer installations for systems supplied and metered at high voltages exceeding 33,000V.

"Advanced power line construction training" means a training course covering design, installation, testing, commissioning, repair and maintenance of power supply lines and equipment for high voltages

"Application" means a formal request to carry any undertaking to generate, export, import, transmit, distribute, or retail supply of electrical energy. It includes a formal request for a licence to carry out electrical installation work;

"Area of supply" shall have the meaning assigned to it under the Act;

"Authority" means the Energy and Petroleum Regulatory Authority established under section 9 of the Act;

"Basic consumer installation training" means a training course covering design, installation, testing, commissioning, repair and maintenance at consumer installations for systems supplied and metered at voltages not exceeding 1,000V.

"Basic power line construction training" means a training course covering design, installation, testing, commissioning, repair and maintenance of power supply lines and equipment for voltages not exceeding 1,000V

"Building" has the meaning assigned to it under the Act;

"Cabinet Secretary" means the Cabinet Secretary for the time being responsible for energy;
