THE WATER ACT

(No. 43 of 2016)

NAKURU WATER AND SANITATION SERVICES COMPANY

APPROVED TARIFF STRUCTURE FOR THE PERIOD 2024/2025 TO 2029/2030

THE Water Services Regulatory Board (WASREB), under powers granted by section 72(1)(b) and (2) of the Water Act, 2016, has approved the regular tariff adjustment for the area served by Nakuru Water and Sanitation Services Company (NAWASSCO).

NAWASSCO applied to the Water Services Regulatory Board (WASREB) for a review of water services tariffs for the period 2024/2025 to 2029/2030 in line with 72 (1) (b) of the Act. Public consultation on the NAWASSCO application was carried out by the requirements of section 139 of the Water Act, 2016.

Having considered the application, the written and oral submissions by all stakeholders, and the current data, WASREB has determined that an upward tariff review is justified for NAWASSCO to improve service delivery, operate sustainably, and protect consumer interests by meeting the tariff conditions attached to the tariff.

WASREB gives a one-month notice from the date of this communication to all existing and potential customers of NAWASSCO that the structure of approved tariffs for water services for the six financial years 2024/2025, 2025/2026, 2026/2027, 2027/2028, 2028/2029 and 2029/2030 shall be as follows:

THE WATER ACT

(No. 43 of 2016)

MARSABIT WATER AND SEWERAGE COMPANY

APPROVED TARIFF STRUCTURE FOR THE PERIOD 2024/2025 TO 2027/2028

The Water Services Regulatory Board (WASREB), under powers granted by section 72(1)(b) and (2) of the Water Act, 2016, has approved the regular tariff adjustment for the area served by Marsabit Water and Sewerage Company (MARWASCO).

MARWASCO applied to the Water Services Regulatory Board (WASREB) for a review of water services tariffs for the period 2024/2025 to 2027/2028 in line with 72 (1) (b) of the Act. Public consultation on the MARWASCO application was carried out by the requirements of section 139 of the Water Act, 2016.

Having considered the application, the written and oral submissions by all stakeholders and the current data, WASREB has determined that an upward tariff review is justified for MARWASCO to improve service delivery, operate sustainably and protect consumer interests by meeting the tariff conditions attached to the tariff.

WASREB gives a one-month notice from the date of this communication to all existing and potential customers of MARWASCO that the structure of approved tariffs for water services for the four financial years 2024/2025, 2025/2026, 2026/2027 and 2027/2028 shall be as follows:

- 1 Approved Tariff Structure for the period 2024/2025 to 2027/2028
